Change Dividend Delivery

Currently, any dividends paid on fully-vested Myers shares in Shareworks are paid to you in cash; however, now you can choose to receive the dividends in shares! If you want to change your election, log into your Shareworks account, select your name from the upper right-hand corner of the screen, and select View Profile.

One of the options is now to reinvest your dividends in Myers stock. You will need to verify the change using your phone number in Shareworks. The following screenshots show you how to make the change.

The screenshot shows the Myers Industries Shareworks user interface. At the top, there is a navigation bar with the Myers Industries logo on the left and a user profile section on the right. Below the navigation bar, the main content area displays a message: 'Need to change something? Edit aspects of your profile below.' This message is followed by four categories of profile management options, each with a blue icon and a list of links:
